**Limited Lifetime
Warranty**

APPLICATIONS

With its green jacket and multiple outlets placed every 8 feet, electraTrac® Multi-Outlet Cord is ideal for seasonal and holiday lighting. It's also perfect for contractor jobs, power tools, temporary job-site lighting and home applications. Weather guards protect outlets when not in use. Patented anchors make electraTrac cord perfect for mounting to walls, framing and scaffolding indoors and out.

SPECIFICATIONS

Copper wire with PVC insulation and jacket. Power Plug: 5-15P male plug with ground pin. Outlet Plugs: 5-15R end outlet with ground pin.

Taco pack, 5.2 lbs.
