CERRO WIRE NOW OFFERS TRUE SEQUENTIAL FOOTAGE™ NM-B

True Sequential Footage insures our customers get what they pay for.

Cerro Wire LLC, a leading manufacturer of copper electrical building wire and cable, is the first to now offer NM-B Cirtex® Nonmetallic-Sheathed Cable with True Sequential Footage Markers™. True Sequential Footage is available on 1000' reels and soon will also be on 250' coils. This feature ensures our customers get what they pay for. When you purchase our wire the reel will begin with a 1000' mark and end at zero on the bottom of the reel. You will always know how much wire is left on the reel, so you can take out the guesswork and save money and time with Cerro Wire.

About Cerro Wire LLC

Cerro Wire LLC, a leading manufacturer of copper electrical building wire and cable, supplies its products to wholesale electrical distributors and retail home improvement centers across North America. Cerrowire offers building wire for residential, commercial and industrial use. Our operating philosophy focuses on customer service, low cost operations, simplification and innovation. Our employees operate manufacturing and distribution facilities around the United States. Cerro Wire is a Marmon Wire & Cable/Berkshire Hathaway company.
