

**NEW,
IMPROVED**
slip technology!

SLiPWire®

Self Lubricating Polymer

Work smarter, not harder

Cerrowire's new and improved **SLiPWire® technology** is an innovation for a faster, easier pull for **CerroMax NM-B** and our **THHN** product family. This new slip agent formulation has been independently tested and verified to provide superior performance. Plus, **SLiPWire eliminates the cost of extra materials and labor for lubricating the wire and cleaning-up following a pull.** Now that's a smart solution!
