

4+1

# Reel ROVER

- Integrates easily with paralleling equipment
- Stop using a fork truck to move your compartmentalized reel on and off an A frame
- Experience a free spinning ground compartment that locks for loading wire
- No need for a pallet jack during wire deliveries
- Use zero wooden reels and pallets
- Handles 4 phase conductors plus 1 ground

## *It's time to* **Tame the Beast**

Improve productivity on  
the distribution floor.
