

CERTIFICATE OF COMPLIANCE

July 6, 2022

Cerro Wire LLC (Cerrowire) certifies that all products it sells comply with applicable requirements of California's Safe Drinking Water and Toxic Enforcement Act of 1986, better known as **California Proposition 65**.

Thermoplastic and thermoset insulated products manufactured and sold by Cerrowire contain certain bound ingredients listed in the California Proposition 65 list of known carcinogens and reproductive toxins. While our position is that the actual exposure to these substances is minimal and well below the Proposition 65 safe harbor levels in most cases, we have nonetheless chosen to label affected products with a compliant short form Proposition 65 warning as follows:

 **WARNING**
