MC Cable GaylordBox

LABOR SAVING • SEQUENTIAL FOOTAGE

Flexible Cerrowire MC Cable pays out smoothly from our new MC Gaylord Box.

When you need longer lengths of Type MC Cable in 12/2 or 12/3, Cerrowire's MC Gaylord Box is the labor-saving solution for prefab shops and job sites.

Productivity-Boosting Features:

- Colored Chevrons tell the color and number of conductors.
- Chevrons point in the easiest direction to pull.
- Sequential Footage Marks – make perfect cuts without a tape measure.
- Tracking remaining footage is simple.

AWG/Conductors	Footage	Approx. Net Product WT Lbs
12/2 solid	6,000	620
12/2 stranded	6,000	633
12/3 solid	5,000	679
12/3 stranded	5,000	698

We didn't invent MC cable, but we sure invented some MC cable innovations making installation and inspection faster and easier for electrical contractors and inspectors. **The MC Gaylord Box adds another time-saving improvement from Cerrowire.**

MC Gaylord Box products:

- Type MC Cable – solid
- Type MC Cable – stranded

Available gauges for Cerrowire MC Gaylord Boxes:

- 12 AWG

Contact your Cerrowire rep for additional product requests and lead times.
